**Review Date: 2027**

The library reserves the right to prevent borrowing of library materials on the card of a minor whose parent or guardian is delinquent because of unreturned materials and/or fines, or because their account has been referred for court action.

Materials may not be checked out on the card of a minor in a situation indicated above until the account of the minor's responsible parent or guardian has been satisfied with the library. Once these account(s) have been satisfied, the library reserves the right to limit borrowing of library materials to 5 items per card for minors/parents/guardians who have fallen into this category.

Borrowing by a minor will be allowed when the minor's parent or guardian has returned all materials to the library, is delinquent solely due to the accumulation of fines, and the amount of fines owed is less than the general fine threshold for patrons in good standing.
